

Project Name	Category	Reasoning
C-111 South Dade	A	Land acquisition over 99% complete; construction >80% complete; critical to achieving benefits of ModWaters; need to complete for major benefits; critical foundation project for CERP
C-111 West Spreader Canal	A	Construction substantially complete; in current proposed WRDA; land acquisition substantially complete; critical to cost share
IRLS Phase 1 - C-44 Reservoir and STAs	A	100% of lands acquired; construction underway; critical to cost share; contributes to NEEPP goals; predecessor to CEPP; significant local contribution
IRLS Phase 2 - Natural Storage and Treatment Areas (A - land acquisition completed and WRP improvements underway)	A	100% land acquired; authorized and has a cooperative agreement; construction underway; contributes to NEEPP goals
Istokpoga Marsh Improvement District Water Quality Project - Phase 1	A	Partnership agreement in place; lands acquired; design substantially complete; contributes to NEEPP goals
Kissimmee River Restoration	A	Construction over 70% complete; need to complete for major benefits to CE, SLE, KRR; critical foundation project for CERP; land acquisition 98% complete; international model for river restoration; contributes to NEEPP goals
Lake Hicpochee North Hydrologic Enhancement Project	A	Lands acquired; partially designed; contributes to NEEPP goals
NEEPP - Dispersed Water Management - Existing Private w/ contract	A	Under contract; construction complete and/or underway; contributes to NEEPP goals
NEEPP - Dispersed Water Management - Existing Public	A	Under contract (where necessary); construction complete and/or underway; contributes to NEEPP goals
NEEPP - Dispersed Water Management - Future Public	A	Contributes to NEEPP goals; lands are acquired
Nicodemus Slough	A	Under construction; agreement in place; contributes to NEEPP goals
Picayune Strand Restoration	A	98% of land acquired; construction 70% complete; critical to cost share
Restoration Strategies	A	Court ordered; construction underway; predecessor to CEPP; contributes to EFA goals

Rolling Meadows Wetland Restoration - Phase I	A	Land acquired; design underway; remaining project costs carried by other entities; contributes to NEEPP goals
Site 1 Impoundment - Phase 1	A	Construction underway; authorized with cooperative agreement in place; lands acquired
Ten Mile Creek	A	Land acquired; contributes to NEEPP goals; construction complete but needs redesign
BBCW Phase 1	B	In current proposed WRDA; critical to cost share; majority of land acquisition complete; design and/or construction complete
BCWPA - C-11 Impoundment	B	In current proposed WRDA; contributes to EFA goals; critical to cost share; land 100% acquired; planning complete; predecessor to CEPP
BCWPA - C-9 Impoundment	B	In current proposed WRDA; critical to cost share; contributes to EFA goals; land 100% acquired; planning complete
BCWPA - WCA-3A/3B Seepage Management Area	B	In current proposed WRDA; critical to cost share; contributes to EFA goals; land 100% acquired; planning complete
Bolles Canal Improvement	B	Regional operational flexibility; additional real estate required; planning not complete
C-43 West Basin Reservoir	B	In current proposed WRDA; critical to cost share; contributes to NEEPP goals; land 100% acquired; design substantially complete
Central Everglades Planning Project - South	B	Planning nearing completion; not authorized; requires completion of predecessor projects
IRLS Phase 1 - C-23/C-24 Reservoir and STAs	B	~90% of land acquired; construction not started; critical to cost share; contributes to NEEPP goals
Istokpoga Marsh Improvement District Water Quality Project - Future Phases	B	Lands partially acquired; contributes to NEEPP goals
Lake Okeechobee Watershed Project	B	Contributes to NEEPP and EFA goals; critical to cost share; would provide significant benefits to Lake Okeechobee and estuaries

Lakeside Ranch STA Phase II	B	Lands acquired; design complete; potentially critical to cost share; contributes to NEEPP goals
Loxahatchee River Watershed Restoration	B	Land acquisition substantially complete; planning initiated; critical to cost share
NEEPP - Dispersed Water Management - Future NE-PES	B	Contributes to NEEPP goals; no land acquisition required
NEEPP - Dispersed Water Management - Future Water Farming	B	Contributes to NEEPP goals; no land acquisition required
BBCW - Phase 2	C	Not authorized; planning not initiated
C-111 Eastern Canal - Phase 2	C	Not authorized; planning not initiated
C-43 Water Quality Treatment and Testing (Boma)	C	Land acquired; significant local contribution; design not complete
Central Everglades Planning Project - New Water	C	Planning nearing completion; not authorized; requires completion of predecessor projects
Central Everglades Planning Project - North	C	Planning nearing completion; not authorized; requires completion of predecessor projects
Grassy Island and Brady Ranch Properties	C	Planning not complete
IRLS Phase 1 - C-25 Reservoir and STAs	C	Land not acquired; design and construction not started
IRLS Phase 2 - Natural Storage and Treatment Areas (B - some or no land acquired, no WRP)	C	15% land acquired; authorized but no cooperative agreement; no construction
L-28 Interceptor: Western Basins	C	Planning not complete - Data collection and evaluation underway

Lake Okeechobee Regional Scale ASR	C	Planning nearing completion; regulatory considerations need to be addressed
Rolling Meadows Wetland Restoration - Phase II	C	Planning not complete
Site 1 Impoundment - Phase 2	C	Requires additional planning; requires congressional authorization
