

Compartment C – Permanent Protective Measures for Environmentally Sensitive Areas

Jeff Kivett, P.E.
Bureau Chief
Engineering & Construction Bureau

Project Location

The Environmentally Sensitive Areas are located within the Compartment C STA Buildout footprint. There are three separate sites requiring protective measures.

A Resolution of the Governing Board of the South Florida Water Management District to authorize a change order to Contract 4600001875 with Harry Pepper & Associates, Inc. for the Compartment C Buildout Pump Station G-508 to extend the term by 138 days in an amount not to exceed \$1,989,578 for which Certificates of Participation (COPS) Everglades Forever Act are budgeted; providing an effective date. (Contract Number 4600001875-CO09)
