Local meeting during recommendation comment period	8/28/2013
WRAC	9/5/2013
Public recommendation comment period concluded	9/9/2013
Governing Board	9/12/2013₂

A stylized, light blue map of the state of Florida is positioned on the right side of the slide. The map is semi-transparent and appears to be layered over a dark blue background. The background of the entire slide features a pattern of concentric, light blue arcs and lines, creating a sense of depth and movement.

Kissimmee/Okeechobee Region Results

Summary of Results

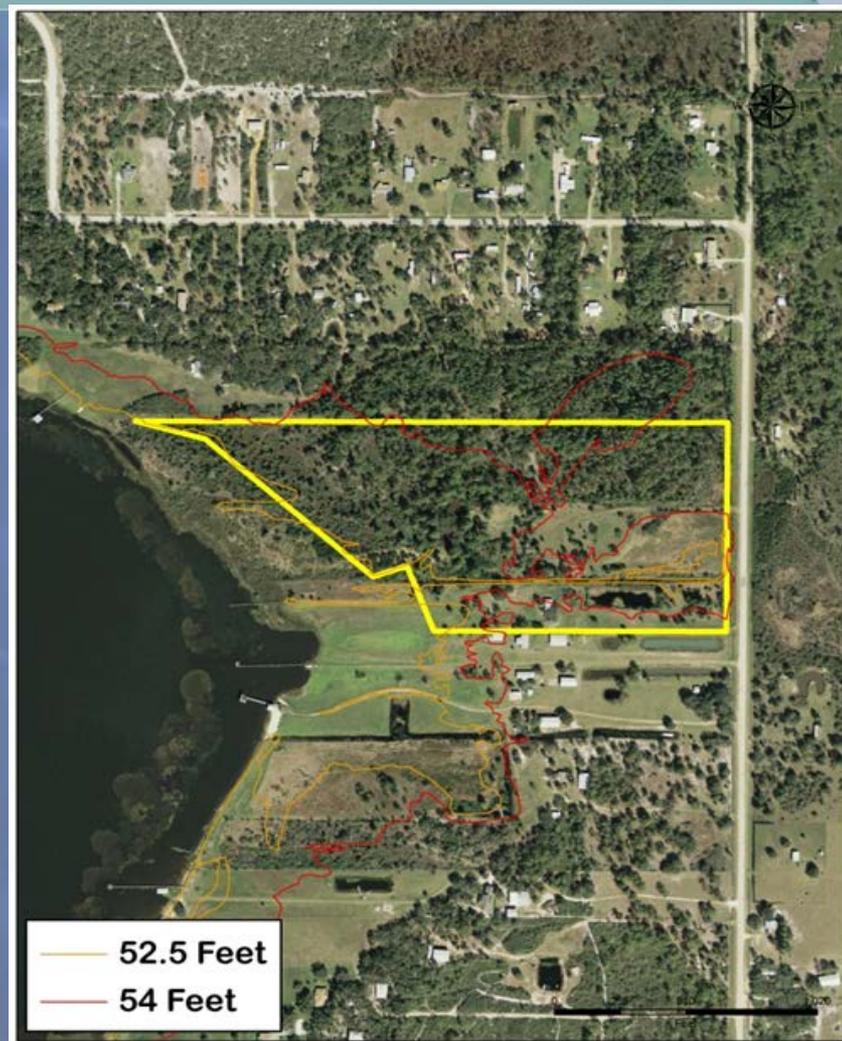

Over 161,000 acres in the assessment region.
Per GB action last week:

- Over 96% of the acreage is to remain in its current use
- Only 8 parcels are preliminarily approved for exchange or surplus (subject to further investigation and final GB approval)
 - 3 entire parcels
 - 5 parcels proposed for partial disposition

Kissimmee Chain of Lakes Tiger Lake Parcel

Exchange / Surplus

Disposal of the fee-simple interest; retention of a flowage and/or conservation easement over the portion of the property lying below the 54-foot elevation contour ~ 31.71 acres

Kissimmee River Pool-E Spoil Sites

Exchange / Surplus

Disposal of the fee-simple interest subject to an acceptable conservation easement along the bank of the oxbow channel on the southern parcel ~69.15 acres

Unassociated Parcels Undeveloped St. Cloud Field Station Site

Exchange / Surplus

Disposal of the fee-simple
interest in the parcel
~20.41 acres

Kissimmee River 4Es Parcel – South of Highway 98

Partial Exchange / Surplus

Disposal of the fee-simple interest in that portion of the property lying south of Hwy 98, subject to flowage and/or conservation easement over the portion lying within the 100-year floodplain
~15 acres

Kissimmee River Pearce-Lockett Estate Parcel

Partial Exchange / Surplus

Disposal of the fee-simple interest of lands lying outside of the 100-year floodplain so long as the site remains open to the public and meets certain deed restrictions
~16.65 acres

Kissimmee River Telex Marsh Outparcel

Partial Exchange / Surplus

Any portion of the site not leased and managed by Okeechobee County be approved for disposal subject to an acceptable conservation easement along the bank of the River oxbow channel
~20.03 acres

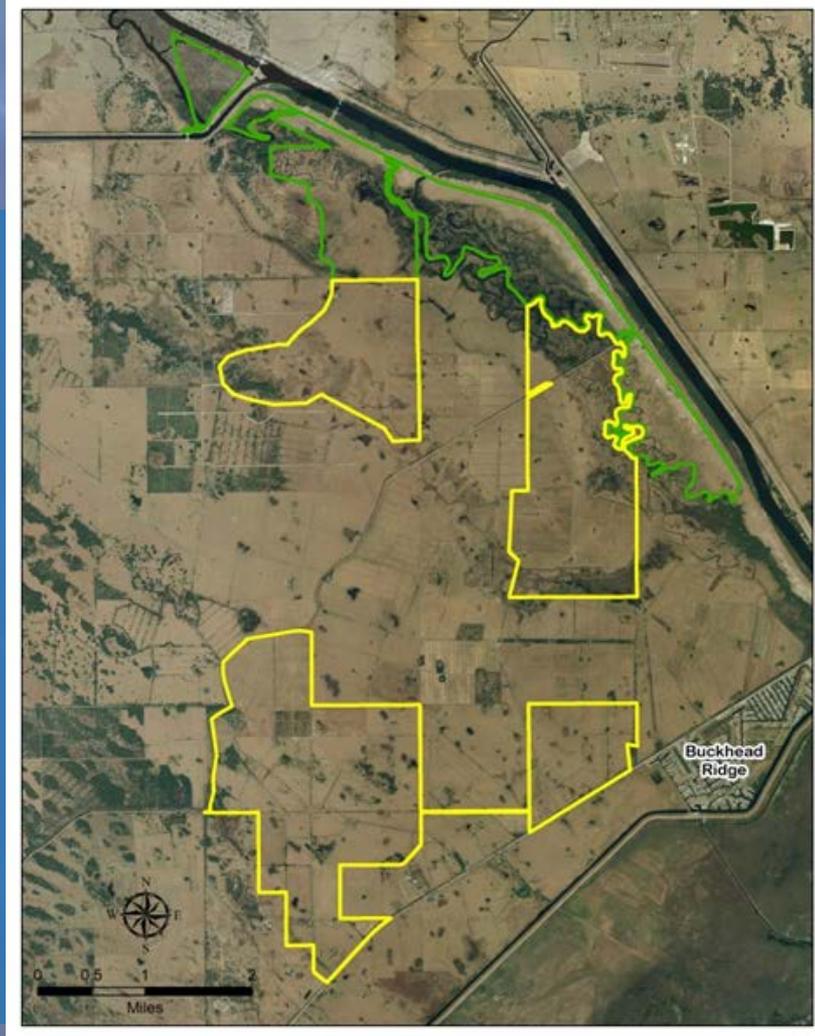

Kissimmee River – Paradise Run Pasture Parcel Lake Okeechobee – North of the Lake Parcels

Partial Exchange / Surplus

Disposal of the southern parcels in this assessment area

For portions of the northern parcels not needed for the BMAP, seek exchange opportunities for other lands within the basin

~5,692 acres

Lake Okeechobee Nubbin Slough

Partial Exchange / Surplus

Disposal of the portions of the property outside of the project footprint that do not contribute to the District's core mission
~385 acres

Proposed Action Steps

- **Follow DEP Guidelines to seek opportunities for land exchanges to obtain lands needed to achieve the District core missions**
- **Conduct sufficient investigations of each property to “ground truth” data regarding natural and cultural resources and opportunities to receive equal or greater water resource protection and economic value**
- **Bring recommendation to the Governing Board for approval prior to final any exchange or surplus action**
